LABELS

LT5C Label Rewinder

Rewind printed output from your LT5C onto 3-inch cores. Speed is automatically synchronized by the tension arm and alignment is maintained by a steel connection plate for tight, consistent rolls.

Key Features

- Five-color (CMYK+White) printing
- Durable (UV, water, abrasion) prints
- Print on clear, foil, colored, or other specialty materials
- Use pre-die cut or continuous labels
- Low fusing temperature provides greater substrate flexibility
- Print speed: Up to 9m/min (6ips)
- Brilliant, high-resolution graphics (1200 x 1200 dpi)

LT5C Work Bench

Industrial strength table built to accommodate the weight of the LT5C printer, rewinder and other consumables. Designed to allow easy access to power supply. The 62" x 24" table can support machines for safety allowing all 4 sides for accessibility to power supplies. Includes casters for easy mobility.
