

Heavy Duty 15 System

LEDCO Heavy Duty 15" with Automatic Feeder and 15" Finish Line Cutter

The LEDCO Heavy Duty 15" is the newest addition to the LEDCO Heavy Duty lineup. Coupled with an automatic feeder, the HD 15 is primed and ready to meet your high production needs and be an every day contributor on the production floor. Add the 15" Finish Line Cutter and you have the perfect finishing solution for all your projects. Of course, the HD 15 Systems also comes with LEDCO's unmatched 2-year warranty and proven dependability.

HD 15 Features

- Independent, intelligent heat controls display both set and actual temperature. Control microprocessor learns to anticipate the heat demand of each job and maintains within a few degrees of the set temperature.
- Driven, interchangeable silicone laminating and pull rollers provide superior release, high laminating quality, and easy cleaning while avoiding the wrinkling that can occur with only one driven roller.
- Built in retractable slitters save labor time by automatically trimming side scrap during the laminating process. Slitter head can be adjusted precisely and independently.
- Large film roll capacity
- Dual tension knobs for each supply roll mandrel make it easy to produce wrinkle-free lamination.
- Forced air-cooling ensures quality results when running thicker films.
- Easy access controls including removable heat shoes and variable speed controls ensure easy operation and make the minimal maintenance and cleaning a breeze.
- Integrated precision feed tray safety guard ensures the guard will be in place when laminating to protect operators.
- Variable speed control adjusts for various film and substrate thicknesses.
- Includes hand feed tray for smaller jobs
- Includes stand and casters
- Fast, consistent feeding up to 33 fpm
- **Made in USA; two-year manufacturer's parts and labor warranty.**

Finish Line Cutter Features

- Variable speed cutting up to 175 fpm
- Easy to use touch screen controls
- Integrated to work seamlessly with the HD 15
- Piling tray for finished work
- Includes stand and casters
- **Made in USA; two-year manufacturer's parts and labor warranty**

Heavy Duty 15 System

Heavy Duty 15 System

*Shown with optional Slit Scrap Rewind

Heavy Duty 15" Laminator / Feeder

Max laminating width	15"
Speed	0 – 33 fpm
Laminating roller diameter	1.5"
Supply roll core size	3"
Recommended film	Up to 10mil
Max laminating thickness	1/2"
Max film roll diameter	13"
Dimensions	48"L x 31"W x 52"H
Shipping dimensions	56"L x 43"W x 62"H
Weight / Shipping weight	330 / 500 lbs (Laminator w/ Compressor)
Electrical (Single-Phase)	205–240 VAC, 16 amps, 3000W
Electrical connector	NEMA L6-20P
Motor	1/4 HP DC

Feeder Pump / Auxiliary Outlet	
Electrical (Single-Phase)	105–125 VAC, 14 amps, 1100W
Electrical connector	NEMA 5-15P
Electrical connector	NEMA 5-15R

Cutter 15"

Max material width	15"
Speed	0 – 175* fpm Actual output varies depending on number of cuts
Feeder roller diameter	1.65625"
Recommended film	Up to 10mil (.010")
Max material thickness	Up to 50 mil (.050")
Dimensions	50"L x 42"W x 53"H
Shipping dimensions	56"L x 46"W x 62"H
Weight / Shipping weight	150 / 325 lbs
Electrical (Single-Phase)	100 – 120 VAC, 15 amps, 500W
Electrical connector	NEMA 5-15P

All specifications are subject to change without notice.
