

OLFA

COMFORT GRIP SERIES

COMFORT GRIP SERIES

Preloaded with **Ultra-Sharp Black Snap-Off Blade** crafted from premium Japanese tool steel for unmatched sharpness and superior edge retention.

Cushioned, anti-slip rubber handle for all day comfort and control. **Acetone resistant** for easy clean up. The **stainless-steel channel secures the blade** to cut confidently on all materials.

Designed with safety in mind, the **ratchet-based locking system** allows for custom cutting depths and unlimited positions. The **auto-lock** allows the blade to retract into the handle with tactile and audible clicks at each stop to assure correct blade placement.

Handle can be **tethered for safety**.
