ReadyCombM+

MANUAL PUNCH AND COMB BINDING SYSTEM

- Manual lever-activated punch and bind system
- Binds up to 480 sheets
- Hardened punch pins for durability
- Heavy duty construction and compact design
- Closure control system

FORMAX®

The **ReadyCombM+ Manual Punch and Comb Binding System** is designed to produce bound documents quickly and easily. With comb bindings, pages can be added or removed, without damage to the document or the binding itself. The ReadyCombM+ features a **precision vertical punching system** which utilizes gravity to keep every sheet in place, for consistent hole placement even on thicker document sets. **Disengageable punch pins** offer flexibility for a variety of paper sizes, and are specially hardened for longevity. The **lever-activated comb open/close mechanism** ensures a secure bind on booklets up to 480 sheets.

Easy Access to Punch Pins
Disengage selected pins to prevent partially punched holes. No tools required.

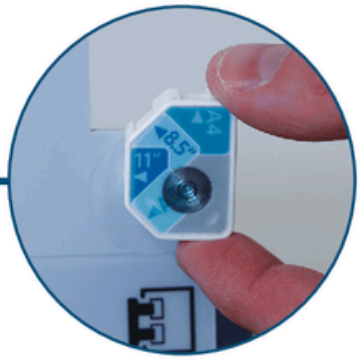

Precision Vertical Punching
Top loading for professional hole placement accuracy.

Quick-Adjust Binding Dimensions
Change settings in seconds to ensure the perfect bind.

Precision Closure Control
Quick, easy comb opening and closure for up to 480 sheets.

Page Size Adjustment Knob
Easily change paper size in less than one second.
