

Economically shrinks PVC, POF, PET, or PP film

Our HG-series heat guns are economical heat guns for low volume shrink wrapping.

- Shrinks PVC, POF, PET, or PP film uniformly and tightly around objects to produce form-fitting tamper proof package
- Value-priced model for low shrink wrapping volume
- Two temperature settings:
 - Low - 600°F - 700°F and High – 900°F-1100°F
- 90-day warranty
- HG-1-BLK model ETL Listed
- Note: When heat gun is not in use, please place the heat gun on its heel so that the nozzle is pointing towards the sky for proper cooling. Laying flat on the table will cause the heat to be left in the mechanics of the heat gun.
